

# Aaron Wright - Curriculum Vitae

## Personal Details

Address: 19 Tarnbeck Drive, Mawdesley, Ormskirk, Lancashire, L40 2RU

Telephone: 07780498433

E-mail: [aaron.wright87lfc@gmail.com](mailto:aaron.wright87lfc@gmail.com)

## Personal Profile

I am currently an academic student of Runshaw College in Leyland. I plan, after college, to attend the Aston University. In this University, I plan to study Information Technology Management for Business which furthers my knowledge from my Computing and Maths A-Levels. I then plan to pursue a career in Systems Analysis in the technology sector.

## Key Skills

- Basic knowledge of Java/Swing programming language
- Expert knowledge of Microsoft Office packages
- Intermediate Adobe Photoshop/Illustrator editing skills
- Organising and executing programs and activities for Cub Scouts
- Working well within a team of Cub leaders
- Ability to adapt quickly to changing situations

## Educational Background

- June 2013: GCSE at Bishop Rawstorne C of E Academy  
ICT (Distinction – A), English (A), Maths (A), History (A), Religious Studies (A), Physics (B), Chemistry (B), Biology (B), German (C), Statistics (C)
- Runshaw College (September 2013): A-Level Mathematics, A-Level ICT, A-Level Computing and AS Physics.

## Work Experience

- Throughout 2009 and 2010 I had previously been working for two years in a part-time job in delivering Newspapers in my local area; it requires me to be reliable and punctual delivering the papers have to be delivered by a certain time in the day.
- Also, my former school and I had attended a Work Related Conference in Bolton; introducing me to the techniques of being interviewed. This gave me many vital skills that I could use in later life.
- More recently, I have been assisting on Saturdays, with stock picking and replenishment at Ena Shaw, a major curtain manufacturer, based in Warrington.
- Since March 2014, I had been working in a Restaurant as a Kitchen Assistant where my main duties were as follows:

- Washing up and cleaning Kitchen utensils.
- Carrying out Janitorial duties.
- Performing simple food preparation tasks set by the kitchen staff.

## **Volunteering Experience**

Since September 2012 i have volunteered with Mawdesley's Cub Scout group as a Young leader, this has allowed me to gain many integral skills for life, such as leadership, patience and understanding.

### **Responsibilities in this role:**

- During meetings, I am required to organise and carry out activities and games to make the experience for the Cub Scouts enjoyable.
- Planning and coordinating the whole evening for the Cubs. I also support the Cubs with any problems that they may have in life or within life and help them to overcome their difficulties in a mature way.
- I intend to become an assistant Scout leader at the age of eighteen as the group has had a very positive effect on my confidence and has taught me communication, organisation and listening skills.

Also, with scouting I have been chosen to be part of the International Service Team to travel to Japan to help with the World Scout Jamboree 2015. To be able to be part of this event, each applicant was put through an interview and a group task to find out who would work best in a team environment. As an IST member, I will need to be adaptable, especially given the location of the jamboree and the cultural differences and language barriers that this brings. Days at the jamboree are generally long, sleep is at a premium and IST jobs may be physically and mentally demanding. It will also be very hot and humid in Japan, which will be challenging for many participants.

### **Secondary School:**

From September 2008 to the end of my study in the Academy in June 2013, I had taken up several responsibilities :

- such as running one of the stalls in the summer fair. I had to work under pressure and work to a certain time frame to complete the orders on the stall.
- I also acted as a year seven mentor in the Academy, this obligation required me to support the young students and guide them through successful school life. This was completed by attending weekly tutor sessions and running activities and providing personal guidance when needed.

### **Achievements:**

- Mainly due to my role in scouting, I have been presented with the 'V10', 'V50' and 'V100' awards, each corresponding with the number of hours volunteering in the past twelve months.
- Governor's Award for effort in Mathematics at Bishop Rawstorne (NOV 2013)
- In terms of IT achievements, I was the owner of a successful youtube channel created June 2012, which gained over 3000 subscribers, and almost 500,000 video views.

## Interests

- Rock Climbing
- Football
- Web media production
- Image enhancement using Adobe Photoshop
- Scouting
- Exercise
